

## WRONG WAY DRIVER:

I'm driving along I-90 West, feeling like a person who's been strangely possessed  
Headlights coming closer towards me, everyone pointing fingers like I'm VIP

Blurry vision, salty tears, aware of being a:

WRONG WAY DRIVER, ON THE RIGHT TRACK TO HELL  
I'M A WRONG WAY DRIVER, DON'T YOU DARE BREAK MY SHELL

Sometimes I feel like, letting go of the wheel, but then again, probably not good for my auto  
mobile

Wind drifting by my window, time passing by in slow-mo  
Salty tears, blurry vision, aware of being a:

WRONG WAY DRIVER, ON THE RIGHT TRACK TO HELL  
I'M A WRONG WAY DRIVER, DON'T YOU DARE BREAK MY SHELL

Probably just a bad dream, I can tell by the way that I scream  
Lack of sleep, although... that excuse is pretty cheap

Flashing headlights, blurry vision, salty tears

WRONG WAY DRIVER, ON THE RIGHT TRACK TO HELL  
I'M A WRONG WAY DRIVER, TRAPPED IN A FUCKING CELL

All is dark, I can't see. God what's happening to me?
